ORIG. No.	COLLECTOR.	DATE.	REMARKS.

Catalog of the specimens of Amphibians in the collection of the Natural History Museum of Stanford University.

Numbers 1 to 4399

Book One

A large part of the amphibian collection was in the hands of Dr. Van Denburgh, at the old California Academy of Sciences building in San Francisco, for study and identification, at the time of the San Francisco earthquake and fire in 1906, and was destroyed when the building burned. JSH (May 1938)
